

PETITION FOR RECOUNT

COMES NOW Alicia "Chucky" Hansen and petitions for a recount of the General Election as to votes cast in her behalf.

Petitioner has reason to believe and does believe that the record and copy of records at all the polling places are erroneous to include but not be limited to:

1. Ballots not counted.
2. Differences between the computer count and the subsequent actual count.
3. Ballots erroneously counted.
4. Ballots excluded as a result of a symbol voting.
5. Ballots not counted because of a failure to darken the bubble even though the intent of the voter is clear.
6. Ballots not counted because of an issue with the name despite the fact that the intent of the voter is clear.
7. Failure to count ballots not tabulated by the DS200 even though a hand count would have cast those ballots for her.
8. Ballots that have gone missing before being counted.
9. Ballot bins coming to election without their security seals.
10. Jump drives from voting tabulation that were reprogrammed.
11. Adelbert Bryan improperly opened or had opened sealed ballot boxes and had write in votes transferred to other bins that were color coded so he could identify them.

12. Allowing Adelbert Bryan to participate in handling the ballots when he had a clear conflict of interest as he was in litigation with Senator Hansen.
13. Missing security tags from the ballot bins.
14. Adelbert Bryan changing the vote tallies of my votes.

Petitioner believes that a recount of the ballots in their entirety will change the outcome of the election for her position as a Senator.

In addition, the petitioner requests that Adelbert Bryan be ordered to take on part in the recount as a result of his obvious hostility and ill will towards petitioner.
