

BILL NO. 31-0444

Thirty-first Legislature of the Virgin Islands

September 8, 2016

An Act repealing title 22 Virgin Islands Code section 1251(a) and adding chapter 14 entitled “The Virgin Islands Insurance Holding Company System Regulatory Act” to meet the accreditation standards established by the National Association of Insurance Commissioners and update the insurance laws of the Territory placing them on par with other United States jurisdictions, and providing greater and more effective protection to the policyholders of the Territory

PROPOSED BY: Senator Neville James by Request of the Governor

WHEREAS, the laws governing the insurance industry in the Territory are outdated as many of the laws were enacted in 1968 and have not been updated; and

WHEREAS, the laws governing the insurance industry in the Territory do not grant the Commissioner of Insurance of the Virgin Islands all of the necessary authority to effectively regulate the solvency of the multi-state domestic insurance industry in the Territory; and

WHEREAS, all other United States jurisdictions have periodically updated their insurance laws commensurate with the ever evolving insurance industry; and

WHEREAS, the National Association of Insurance Commissions (NAIC) has established core accreditation standards and a comprehensive set of laws known as the model laws and regulations, in order to assist United States jurisdictions in their regulation of the solvency of their

multi-state domestic insurance industry, affording greater protection to the policyholders in the United States; and

WHEREAS, all of the 50 United States and the Commonwealth of Puerto have adopted the NAIC model laws and regulations and the accreditation requirements and are now in substantial compliance with the NAIC accreditation standards; and

WHEREAS, the Territory has not adopted most of the NAIC model laws and regulations that are necessary to obtain substantial compliance with the NAIC accreditation standards and is therefore not in compliance with the NAIC accreditation standards;

WHEREAS, the enactment of the Virgin Islands Insurance Holding Company System Regulatory Act will place the Territory on par with other United States jurisdiction and will satisfy one of the NAIC requirements for bringing the Territory into compliance with the NAIC accreditation standards; Now, Therefore,

Be it enacted by the Legislature of the Virgin Islands:

20 other securities permitted under all other sections of this title, a domestic insurer may also:

21 (1) Invest in common stock, preferred stock, debt obligations, and other
22 securities of one or more subsidiaries, amounts which do not exceed the lesser of 10 percent
23 of the insurer's assets or 50 percent of the insurer's surplus as regards policyholders, if

(e) Whether any investment made pursuant to subsection (c) meets the applicable requirements of that subsection is determined before the investment is made, by calculating the applicable investment limitations as though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, not including dividends.

6 setting forth the change, together with copies of all documents and other material relevant
7 to the change, must be filed with the Commissioner and sent to the insurer within two
8 business days after the person learns of the change.

9 (c) If any offer, request, invitation, agreement or acquisition referred to in section
10 323(a) is proposed to be made by means of a registration statement under the Securities Act of
11 1933 or in circumstances requiring the disclosure of similar information under the Securities

14 the information called for by that statement.

22 approval.

(2) An “involved insurer” includes an insurer which either acquires or is acquired, is affiliated with an acquirer or an acquired insurer, or is the result of a merger.

(2) This section do not apply to the following:

(A) A purchase of securities solely for investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in the Territory. If a

1 purchase of securities results in a presumption of control under section 321(c) of
2 this chapter, it is not solely for investment purposes unless the commissioner of the
3 insurer's state of domicile accepts a disclaimer of control or affirmatively finds that
4 control does not exist and the disclaimer action or affirmative finding is
5 communicated by the domiciliary commissioner to the Commissioner.

6 (B) The acquisition of a person by another person when both persons are
7 neither directly nor through affiliates primarily engaged in the business of
8 insurance, if pre-acquisition notification is filed with the Commissioner in
9 accordance with section 324(c)(1) 30 days before to the proposed effective date of
10 the acquisition. However, such pre-acquisition notification is not required for
11 exclusion from this section if the acquisition would otherwise be excluded from
12 this section by any other subparagraph of section 324(b)(2);

13 (C) The acquisition of already affiliated persons;

18 (iii) In no market would

19 (I) The combined market share of the involved insurers
20 exceed 12 percent of the total market, and

21 (II) The market share increases by more than two percent
22 of the total market. For the purpose of subsection (b)(2)(D), a

1 a line of business as contained in the annual statement required to
2 be filed by insurers licensed to do business in the Territory;

7 finds that the insurer is in failing condition; there is a lack of feasible alternative to
8 improving such condition; the public benefits of improving the insurer's condition through
9 the acquisition exceed the public benefits that would arise from not lessening competition;
10 and the findings are communicated by the domiciliary commissioner to the Commissioner.

11 (c) An acquisition covered by section 324(b) may be subject to an order pursuant to
12 section 324(e) unless the acquiring person files a pre-acquisition notification and the waiting
13 period has expired. The acquired person may file a pre-acquisition notification. The
14 Commissioner shall give confidential treatment to information submitted under this section in the
15 same manner as provided in section 333.

16 (1) The pre-acquisition notification must be in the form and contain information
17 as prescribed by the NAIC relating to those markets which, under section 324(b)(2)(D),
18 cause the acquisition not to be exempted from the provisions of this section. The
19 Commissioner may require such additional material and information as deemed necessary
20 to determine whether the proposed acquisition, if consummated, would violate the
21 competitive standard of section 324(d). The required information may include an opinion
22 of an economist as to the competitive impact of the acquisition in the Virgin Islands

1 accompanied by a summary of the education and experience of the person indicating the
2 person's ability to render an informed opinion.

3 (2) The waiting period required begins on the date of receipt by the
4 Commissioner of a pre-acquisition notification and ends on the earlier of the thirtieth day
5 after the date of receipt, or termination of the waiting period by the Commissioner. Before
6 to the end of the waiting period, the Commissioner on a one-time basis may require the
7 submission of additional needed information relevant to the proposed acquisition, if the
8 waiting period ends on the earlier of the thirtieth day after receipt of the additional
9 information by the Commissioner or termination of the waiting period by the
10 Commissioner.

11 (d) (1) The Commissioner may enter an order under subsection 324(e) (1) with
12 respect to an acquisition if there is substantial evidence that the effect of the acquisition may be
13 substantially to lessen competition in any line of insurance in this territory or tend to create a
14 monopoly or if the insurer fails to file adequate information in compliance with subsection 324(c).

15 (2) In determining whether a proposed acquisition would violate the
16 competitive standard of section 324(d)(1), the Commissioner shall consider the following:

17 (A) Any acquisition covered under section 324(b) involving two or more
18 insurers competing in the same market is prima facie evidence of violation of the
19 competitive standards.

20 (i) If the market is highly concentrated and the involved
21 insurers possess the following shares of the market:

22 Insurer A	Insurer B
23 4%	4% or more

1 10% 2% or more

2 15% 1% more

3 (ii) Or, if the market is not highly concentrated and the

4 involved insurers possess the following shares of the market:

5 Insurer A Insurer B

6 5% 5% or more

7 10% 4% or more

8 15% 3% or more

9 19% 1% or more

10 (iii) A highly concentrated market is one in which the

11 share of the four largest insurers is 75 percent or more of the market.

12 Percentages not shown in the tables are interpolated proportionately

13 to the percentages that are shown. If more than two insurers are

14 involved, exceeding the total of the two columns in the table is prima

15 facie evidence of violation of the competitive standard in 324(d)(1).

16 For the purpose of this item, the insurer with the 29 largest share of

17 the market is deemed to be Insurer A.

18 (B) There is a significant trend toward increased concentration when the

19 aggregate market share of any grouping of the largest insurers in the market, from

20 the two largest to the eight largest, has increased by seven percent or more of the

21 market over a period of time extending from any base year five to ten years before

22 to the acquisition up to the time of the acquisition. Any acquisition or merger

23 covered under section 324(b) involving two or more insurers competing in the same

1 market is prima facie evidence of violation of the competitive standard in section
2 324(d)(1) if:

3 (i) There is a significant trend toward increased
4 concentration in the market;

5 (ii) One of the insurers involved is one of the insurers in
6 a grouping of large insurers showing the requisite increase in the
7 market share; and

8 (iii) Another involved insurer's market is two percent or
9 more.

10 (C) For the purposes of section 324(d) (2):

11 (i) The term "insurer" includes any company or group
12 of companies under common management, ownership or control;

13 (ii) The term "market" means the relevant product and
14 geographical markets. In determining the relevant product and
15 geographical markets, the Commissioner shall give due
16 consideration to, among other things, the definitions or guidelines,
17 if any, promulgated by the NAIC and to information, if any,
18 submitted by parties to the acquisition. In the absence of sufficient
19 information to the contrary, the relevant product market is assumed
20 to be the direct written insurance premium for a line of business,
21 such line being that used in the annual statement required to be filed
22 by insurers doing business in the Territory, and the relevant
23 geographical market is assumed to be the Territory;

(iii) The burden of showing prima facie evidence of violation of the competitive standard rests upon the Commissioner.

(D) Eventhough an acquisition is not prima facie violative of the competitive standard under section 324(d) (2) (A) and (B), the Commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under section 324(d) (2) (A) and (B), a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making a determination under this section include, but are not limited to, the following: market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry and exit into the market.

(3) An order may not be entered under section 324(e) (1) if:

(A) The acquisition will yield substantial economies of scale or economies in resource utilization that cannot be feasibly achieved in any other way, and the public benefits which would arise from such economies exceed the public benefits which would arise from not lessening competition; or

(B) The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits which would arise from not lessening competition.

(e) (1) (A) If an acquisition violates the standards of this section, the Commissioner may enter an order:

1 (i) requiring an involved insurer to cease and desist from
2 doing business in the Territory with respect to the line or lines of
3 insurance involved in the violation; or

4 (ii) imposing a reasonable monetary penalty, including
5 any fees, costs and expenses associated with the hearing as allowed
6 pursuant to this chapter; or

7 (iii) denying the application of an acquired or acquiring
8 insurer for a license to do business in the Territory.

9 (B) The order may not be entered unless:

10 (i) there is a hearing;

11 (ii) notice of the hearing is issued before the end of the
12 waiting period and not less than 15 days before to the hearing; and

13 (iii) the hearing is concluded and the order is issued no
14 later than 60 days after the date of the filing of the pre-acquisition
15 notification with the Commissioner.

16 (C) Every order must be accompanied by a written decision of the
17 Commissioner setting forth findings of fact and conclusions of law.

18 (D) An order pursuant to this subsection may not apply if the acquisition
19 is not consummated.

20 (2) Any person who violates a cease and desist order of the Commissioner
21 issued under 324(e)(1) and while the order is in effect may, after notice and hearing and
22 upon order of the Commissioner, be subject at the discretion of the Commissioner to one
23 or more of the following:

(A) a monetary penalty of at least \$1,000 for every day of violation; or

(B) suspension or revocation of the person's license.

(3) Any insurer or other person who fails to make any filing required by this section and who also fails to demonstrate a good faith effort to comply with any filing requirement, is subject to a fine of not less than \$25,000.

(f) Sections 335(b), 335(c), and 337 do not apply to acquisitions covered under section 324(b).

§ 325 Registration of Insurers

(a) Every insurer authorized to do business in the Territory and is a member of an insurance holding company system shall register with the Commissioner, except a foreign insurer subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in:

(1) section 325;

(2) sections 326(a) (1), 326(b), 326(d); and

(3) either Section 326(a)(2) or a provision such as the following:

(A) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions not more than 15 days after the end of the month in which it learns of each change or addition.

(B) Any insurer subject to registration under this section shall register no later than 90 days after the effective date of this chapter or 15 days after it becomes subject to registration, whichever is later, and annually thereafter by March 15th of each year for the previous calendar year ending December 31st,

1 unless the Commissioner for good cause shown extends the time for registration,
2 and then within the extended time.

3 (C) The Commissioner may require any insurer authorized to do
4 business in the state which is a member of an insurance holding company system,
5 and which is not subject to registration under this section, to furnish a copy of the
6 registration statement, the summary specified in section 325(c) or other information
7 filed by the insurance company with the insurance regulatory authority of its
8 domiciliary jurisdiction.

9 (b) Every insurer subject to registration shall file the registration statement with the
10 Commissioner on a form and in a format prescribed by the NAIC must contain the following
11 current information:

12 (1) the capital structure, general financial condition, ownership and
13 management of the insurer and any person controlling the insurer;

14 (2) the identity and relationship of every member of the insurance holding
15 company system;

16 (3) the following agreements in force, and transactions currently outstanding or
17 which have occurred during the last calendar year between the insurer and its affiliates:

18 (A) loans, other investments, or purchases, sales or exchanges of
19 securities of the affiliates by the insurer or of the insurer by its affiliates;

20 (B) purchases, sales or exchange of assets;

21 (C) transactions not in the ordinary course of business;

(D) guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(E) all management agreements, service contracts and all cost-sharing arrangements;

(F) reinsurance agreements;

(G) dividends and other distributions to shareholders; and

(H) consolidated tax allocation agreements;

(4) any pledge of the insurer's stock, including stock of any subsidiary or controlling affiliate, for a loan made to any member of the insurance holding company system;

(5) if requested by the Commissioner, the insurer shall include financial statements of or within an insurance holding company system, including all affiliates. Financial statements may include but are not limited to annual audited financial statements filed with the SEC pursuant to the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended. An insurer required to file financial statements pursuant to this paragraph may satisfy the request by providing the Commissioner with the most recently filed parent corporation financial statements filed with the SEC;

(6) other matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the Commissioner;

(7) statements that the insurer's board of directors is responsible for and oversees corporate governance and internal controls and that the insurer's officers or senior

1 management have approved, implemented, and continue to maintain and monitor corporate
2 governance and internal control procedures; and

3 (8) any other information required by the Commissioner by rule.

4 (c) All registration statements must contain a summary outlining all items in the current
5 registration statement representing changes from the prior registration statement.

6 (d) No information need be disclosed on the registration statement filed pursuant to
7 section 325(b) if the information is not material for the purposes of this section. Unless the
8 Commissioner by rule, regulation or order provides otherwise sales, purchases, exchanges, loans
9 or extensions of credit, investments, or guarantees involving one-half of one percent or less of an
10 insurer's admitted assets as of the 31st day of December next preceding are not material for
11 purposes of this section.

12 (e) Subject to section 326(b), each registered insurer shall report to the Commissioner
13 all dividends and other distributions to shareholders within 15 business days following the
14 declaration of dividends.

15 (f) Any person within an insurance holding company system subject to registration is
16 required to provide complete and accurate information to an insurer, where the information is
17 reasonably necessary to enable the insurer to comply with the provisions of this chapter.

18 (g) The Commissioner shall terminate the registration of any insurer that demonstrates
19 that it no longer is a member of an insurance holding company system.

20 (h) The Commissioner may require or allow two or more affiliated insurers subject to
21 registration to file a consolidated registration statement.

22 (i) The Commissioner may allow an insurer that is authorized to do business in the
23 Territory and is part of an insurance holding company system to register on behalf of any affiliated

insurer is required to register under section 325(a) and to file all information and material required to be filed under this section.

(j) The provisions of this section are not applicable to any insurer, information or transaction if and to the extent that the Commissioner by rule, regulation or order exempts the same from the provisions of this section.

(k) Any person may file with the Commissioner a disclaimer of affiliation with any authorized insurer or a disclaimer may be filed by the insurer or any member of an insurance holding company system. The disclaimer must fully disclose all material relationships and bases for affiliation between the person and the insurer as well as the basis for disclaiming the affiliation. A disclaimer of affiliation is deemed to have been granted unless the Commissioner, within 30 days following receipt of a complete disclaimer, notifies the filing party the disclaimer is disallowed. If there is a disallowance, the disclaiming party may request an administrative hearing, which must be granted. The disclaiming party must be relieved of its duty to register under this section if approval of the disclaimer has been granted by the Commissioner, or if the disclaimer is considered to have been approved.

(l) The ultimate controlling person of every insurer subject to registration shall also file an annual enterprise risk report. The report must, to the best of the ultimate controlling person's knowledge and belief, identify the material risks within the insurance holding company system that could pose enterprise risk to the insurer. The report must be filed with the lead state commissioner of the insurance holding company system as determined by the procedures within the Financial Analysis Handbook adopted by the NAIC.

(m) Failure to file a registration statement or any summary of the registration statement or enterprise risk filing required by this section within the time specified for filing is a violation of this section.

2 its insurance holding company system, including amendments or modifications of affiliate
3 agreements previously filed pursuant to this section, which are subject to any materiality
4 standards contained in section 326(a)(2)(A) through (G), may not be entered into unless
5 the insurer has notified the Commissioner in writing of its intention to enter into the
6 transaction not less than 30 days prior thereto, or such shorter period as the Commissioner
7 may permit, and the Commissioner has not disapproved it within that period. The notice
8 for amendments or modifications must include the reasons for the change and the financial
9 impact on the domestic insurer. Informal notice must be reported, within 30 days after a
10 termination of a previously filed agreement, to the Commissioner for determination of the
11 type of filing required, if any.

12 (A) Sales, purchases, exchanges, loans, extensions of credit, or
13 investments, provided the transactions are equal to or exceed:

14 (i) with regarding nonlife insurers, the lesser of three percent of
15 the insurer's admitted assets or 25 percent of surplus as regards
16 policyholders as of the 31st day of December next preceding;

18 admitted assets as of the 31st day of December next preceding;

1 make investments in, any affiliate of the insurer making the loans or extensions of
2 credit provided the transactions are equal to or exceed:

11 the insurer's liabilities, or the projected reinsurance premium or a change in
12 the insurer's liabilities in any of the next three years, equals or exceeds five
13 percent of the insurer's surplus as regards policyholders, as of the 31st day
14 of December next preceding, including those agreements which may require
15 as consideration the transfer of assets from an insurer to a non-affiliate, if
16 an agreement or understanding exists between the insurer and non-affiliate
17 that any portion of the assets will be transferred to one or more affiliates of
18 the insurer;

20 agreements, guarantees and all cost-sharing arrangements;

21 (E) Guarantees made by a domestic insurer but a guarantee that is
22 quantifiable as to amount is not subject to the notice requirements of this
23 subparagraph unless it exceeds the lesser of one-half of one percent of the insurer's

1 admitted assets or ten percent of surplus as regards policyholders as of the 31st day
2 of December next preceding. Further, all guarantees that are not quantifiable as to
3 the amount are subject to the notice requirements of this subparagraph;

4 (F) Direct or indirect acquisitions or investments in a person that
5 controls the insurer or in an affiliate of the insurer in an amount which, together
6 with its present holdings in such investments, exceeds two and one-half percent of
7 the insurer's surplus to policyholders. Direct or indirect acquisitions or investments
8 in subsidiaries acquired pursuant to section 322, or authorized under any other
9 section of this title, or in non-subsidiary insurance affiliates that are subject to the
10 provisions of this chapter, are exempt from this requirement. When reviewing the
11 notification required to be submitted pursuant to this section, the Commissioner
12 shall examine prior and existing investments of this type to establish that the
13 investments separately or together with other transactions, are not being made to
14 contravene the dividend limitations set forth in section 326(b). However, an
15 investment in a controlling person or in an affiliate may not be considered a
16 dividend or distribution to shareholders when applying section 326(b); and

17 (G) Any material transactions, specified by regulation, that the
18 Commissioner determines may adversely affect the interests of the insurer's
19 policyholders.

20 (H) Nothing in this subparagraph authorizes or permits any transactions
21 which, in the case of an insurer not a member of the same insurance holding
22 company system, would be otherwise contrary to law.

1 (3) A domestic insurer may not enter into transactions which are part of a plan
2 or series of like transactions with persons within the insurance holding company system if
3 the purpose of those separate transactions is to avoid the statutory threshold amount and
4 thus avoid the review that would occur otherwise. If the Commissioner determines that
5 separate transactions were entered into over any 12-month period for that purpose, the
6 Commissioner may exercise the Commissioner's authority under section 333.

7 (4) The Commissioner, in reviewing transactions to section 326 (a)(2), shall
8 consider whether the transactions comply with the standards set forth in section 326(a)(1)
9 and whether they may adversely affect the interests of policyholders.

10 (5) The Commissioner must be notified no later than 30 days after any
11 investment of a domestic insurer in any one corporation if the total investment in the
12 corporation by the insurance holding company system exceeds 10 percent of the
13 corporation's voting securities.

14 (b) (1) No domestic insurer may pay any extraordinary dividend or make any other
15 extraordinary distribution to its shareholders until 30 days after the Commissioner has received
16 notice of the declaration thereof and has not within that period disapproved the payment, or until
17 the Commissioner has approved the payment within the 30-day period.

18 (2) For purposes of this section, an extraordinary dividend or distribution
19 includes any dividend or distribution of cash or other property, whose fair market value
20 together with that of other dividends or distributions made within the preceding 12 months
21 exceeds the lesser of:

22 (A) 10 percent of the insurer's surplus as regards policyholders as of the
23 31st day of December next preceding; or

1 (B) The net gain from operations of the insurer, if the insurer is a life
2 insurer, or the net income, if the insurer is not a life insurer, not including realized
3 capital gains, for the 12-month period ending the 31st day of December next
4 preceding, but may not include pro rata distributions of any class of the insurer's
5 own securities.

6 In determining whether a dividend or distribution is extraordinary, an insurer other than a
7 life insurer may carry forward net income from the previous two calendar years that has not already
8 been paid out as dividends. This carry-forward must be computed by taking the net income from
9 the second and third preceding calendar years, not including realized capital gains, less dividends
10 paid in the second and immediate preceding calendar years.

11 Notwithstanding any other provision of law, an insurer may declare an extraordinary
12 dividend or distribution which is conditional upon the Commissioner's approval, and the
13 declaration must confer no rights upon shareholders until the Commissioner has approved the
14 payment of the dividend or distribution or the Commissioner has not disapproved payment within
15 the 30-day period referred to above.

16 (c) (1) Notwithstanding the control of a domestic insurer by any person, the
17 officers and directors of the insurer may not thereby be relieved of any obligation or liability to
18 which they would otherwise be subject by law, and the insurer must be managed so as to assure its
19 separate operating identity consistent with this chapter.

20 (2) Nothing in this section may preclude a domestic insurer from having or
21 sharing a common management or cooperative or joint use of personnel, property or
22 services with one or more other persons under arrangements meeting the standards of
23 section 326(a)(1).

1 (3) Not less than one-third of the directors of a domestic insurer, and not less
2 than one-third of the members of each committee of the board of directors of any domestic
3 insurer must be persons who are not officers or employees of the insurer or of any entity
4 controlling, controlled by, or under common control with the insurer and who are not
5 beneficial owners of a controlling interest in the voting stock of the insurer or entity. At
6 least one such person must be included in any quorum for the transaction of business at
7 any meeting of the board of directors or any committee thereof.

8 (4) The board of directors of a domestic insurer shall establish one or more
9 committees comprised solely of directors who are not officers or employees of the insurer
10 or of any entity controlling, controlled by, or under common control with the insurer and
11 who are not beneficial owners of a controlling interest in the voting stock of the insurer or
12 any such entity. The committee or committees have the responsibility of nominating
13 candidates for director for election by shareholders or policyholders, evaluating the
14 performance of officers considered principal officers of the insurer and recommending to
15 the board of directors the selection and compensation of the principal officers.

16 (5) The provisions of 326(c)(3) and (4) do not apply to a domestic insurer if the
17 person controlling the insurer, such as an insurer, a mutual insurance holding company, or
18 a publicly held corporation, has a board of directors and committees that meet the
19 requirements of 326(c)(3) and (4) with respect to such controlling entity.

20 (6) An insurer may make application to the Commissioner for a waiver from
21 the requirements of this subsection, if the insurer's annual direct written and assumed
22 premium, excluding premiums reinsured with the Federal Crop Insurance Corporation and
23 Federal Flood Program, is less than \$300,000,000. An insurer may also make application

1 to the Commissioner for a waiver from the requirements of this subsection based upon
2 unique circumstances. The Commissioner may consider various factors including, but not
3 limited to, the type of business entity, volume of business written, availability of qualified
4 board members, or the ownership or organizational structure of the entity.

5 (d) For purposes of this chapter, in determining whether an insurer's surplus as regards
6 policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to meet
7 its financial needs, the following factors, among others, must be considered:

8 (1) the size of the insurer as measured by its assets, capital and surplus,
9 reserves, premium writings, insurance in force and other appropriate criteria;

10 (2) the extent to which the insurer's business is diversified among several lines
11 of insurance;

12 (3) the number and size of risks insured in each line of business;

13 (4) the extent of the geographical dispersion of the insurer's insured risks;

14 (5) the nature and extent of the insurer's reinsurance program;

15 (7) the quality, diversification and liquidity of the insurer's investment
16 portfolio;

17 (8) the recent past and projected future trend in the size of the insurer's
18 investment portfolio;

19 (9) the surplus as regards policyholders maintained by other comparable
20 insurers;

21 (9) the adequacy of the insurer's reserves; and

22 (10) the quality and liquidity of investments in affiliates.

(e) The Commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in the judgment of the Commissioner the investment so warrants.

§ 327 Examination

(a) Subject to the limitation contained in this section and in addition to the powers which the Commissioner has under chapters 3 and 5 of this title relating to the examination of insurers, the Commissioner has the power to examine any insurer registered under section 325 and its affiliates to ascertain the financial condition of the insurer, including the enterprise risk to the insurer by the ultimate controlling party, or by any entity or combination of entities within the insurance holding company system, or by the insurance holding company system on a consolidated basis.

(b) (1) The Commissioner may order any insurer registered under section 325 to produce such records, books, or other information papers in the possession of the insurer or its affiliates as are reasonably necessary to determine compliance with this chapter.

(2) To determine compliance with this chapter, the Commissioner may order any insurer registered under section 325 to produce information not in the possession of the insurer if the insurer can obtain access to such information pursuant to contractual relationships, statutory obligations, or other method. If the insurer cannot obtain the information requested by the Commissioner, the insurer shall provide the Commissioner a detailed explanation of the reason that the insurer cannot obtain the information and the identity of the holder of information. Whenever it appears to the Commissioner that the detailed explanation is without merit, the Commissioner may require, after notice and

1 hearing, the insurer to pay a maximum penalty of \$5,000, or may suspend or revoke the
2 insurer's license.

3 (c) The Commissioner may hire at the registered insurer's expense such attorneys,
4 actuaries, accountants and other experts not otherwise a part of the Commissioner's staff as are
5 reasonably necessary to assist in the conduct of the examination under section 327(a). Any persons
6 so retained is under the direction and control of the Commissioner and shall act in a purely advisory
7 capacity.

8 (d) Each registered insurer producing for examination records, books and papers
9 pursuant to sections 327(a) and (b) are liable for and shall pay the expense of examination in
10 accordance with chapter 5, section 106 of this title.

11 (e) If the insurer fails to comply with an order, the Commissioner may examine the
12 affiliates to obtain the information. The Commissioner also may issue subpoenas, to administer
13 oaths, and to examine under oath any person for purposes of determining compliance with this
14 section. Upon the failure or refusal of any person to obey a subpoena, the Commissioner may
15 petition a court of competent jurisdiction, and upon proper showing, the court may enter an order
16 compelling the witness to appear and testify or produce documentary evidence. Failure to obey
17 the court order is punishable as contempt of court. Every person is obliged to attend as a witness
18 at the place specified in the subpoena, when subpoenaed, anywhere within the Territory. A person
19 is entitled to the same fees and mileage, if claimed, as a witness in any court of competent
20 jurisdiction in the Territory, which fees, mileage, and actual expense, if any, necessarily incurred
21 in securing the attendance of witnesses, and their testimony, must be itemized and charged against,
22 and be paid by, the company being examined.

§ 328 Supervisory Colleges

(a) With respect to any insurer registered under section 325, and in accordance with section 328(c), the Commissioner may participate in a supervisory college for any domestic insurer that is part of an insurance holding company system with international operations in order to determine compliance by the insurer with this chapter. The powers of the Commissioner with respect to supervisory colleges include, but are not limited to, the following:

- (1) initiating the establishment of a supervisory college;
- (2) clarifying the membership and participation of other supervisors in the supervisory college;
- (3) clarifying the functions of the supervisory college and the role of other regulators, including the establishment of a group-wide supervisor;
- (4) coordinating the ongoing activities of the supervisory college, including planning meetings, supervisory activities, and processes for information sharing; and
- (5) establishing a crisis management plan.

(b) Each registered insurer subject to this section are liable for and shall pay the reasonable expenses of the Commissioner's participation in a supervisory college in accordance with section 328(c), including reasonable travel expenses. For purposes of this section, a supervisory college may be convened as either a temporary or permanent forum for communication and cooperation between the regulators charged with the supervision of the insurer or its affiliates, and the Commissioner may establish a regular assessment to the insurer for the payment of these expenses.

(c) In order to assess the business strategy, financial position, legal and regulatory position, risk exposure, risk management and governance processes, and as part of the examination

of individual insurers in accordance with section 327, the Commissioner may participate in a supervisory college with other regulators charged with supervision of the insurer or its affiliates, including other state, federal and international regulatory agencies. The Commissioner may enter into agreements in accordance with section 330(c) providing the basis for cooperation between the Commissioner and the other regulatory agencies, and the activities of the supervisory college. Nothing in this section delegates to the supervisory college the authority of the Commissioner to regulate or supervise the insurer or its affiliates within its jurisdiction.

§ 329 Group-wide Supervision of Internationally Active Insurance Groups.

(a) The Commissioner may act as the group-wide supervisor for any internationally active insurance group in accordance with the provisions of this section. However, the Commissioner may otherwise acknowledge another regulatory official as the group-wide supervisor where the internationally active insurance group:

- (1) does not have substantial insurance operations in the United States;
- (2) has substantial insurance operations in the United States, but not in the Virgin Islands; or
- (3) has substantial insurance operations in the United States and the Territory, but the Commissioner has determined pursuant to the factors set forth in section 329(b) and (f) that the other regulatory official is the appropriate group-wide supervisor.

(4) an insurance holding company system that does not otherwise qualify as an internationally active insurance group may request that the Commissioner make a determination or acknowledgment as to a group-wide supervisor pursuant to this section.

(b) In cooperation with other state, federal and international regulatory agencies, the Commissioner shall identify a single group-wide supervisor for an internationally active insurance

1 group. The Commissioner may determine that the Commissioner is the appropriate group-wide
2 supervisor for an internationally active insurance group that conducts substantial insurance
3 operations concentrated in the Territory. However, the Commissioner may acknowledge that a
4 regulatory official from another jurisdiction is the appropriate group-wide supervisor for the
5 internationally active insurance group. The Commissioner shall consider the following factors
6 when making a determination or acknowledgment under this subsection:

7 (1) the place of domicile of the insurers within the internationally active
8 insurance group that hold the largest share of the group's written premiums, assets or
9 liabilities;

10 (2) the place of domicile of the top-tiered insurers in the insurance holding
11 company system of the internationally active insurance group;

12 (3) the location of the executive offices or largest operational offices of the
13 internationally active insurance group;

14 (4) whether another regulatory official is acting or is seeking to act as the group-
15 wide supervisor under a regulatory system that the Commissioner determines to be:

16 (A) substantially similar to the system of regulation provided under the
17 laws of the Virgin Islands, or

18 (B) otherwise sufficient in terms of providing for group-wide
19 supervision, enterprise risk analysis, and cooperation with other regulatory
20 officials; and

21 (5) whether another regulatory official acting or seeking to act as the group-
22 wide supervisor provides the Commissioner with reasonably reciprocal recognition and
23 cooperation.

1 (6) however, a commissioner identified under this section as the group-wide
2 supervisor may determine that it is appropriate to acknowledge another supervisor to serve
3 as the group-wide supervisor. The acknowledgment of the group-wide supervisor must be
4 made after consideration of the factors listed in section 329(b)(1) through (5), and must be
5 made in cooperation with and subject to the acknowledgment of other regulatory officials
6 involved with supervision of members of the internationally active insurance group, and in
7 consultation with the internationally active insurance group.

8 (c) Notwithstanding any other provision of law, when another regulatory official is
9 acting as the group-wide supervisor of an internationally active insurance group, the Commissioner
10 shall acknowledge that regulatory official as the group-wide supervisor. However, if a material
11 change in the internationally active insurance group results in:

12 (1) the internationally active insurance group's insurers domiciled in the Virgin
13 Islands holding the largest share of the group's premiums, assets or liabilities;

14 (2) the Virgin Islands being the place of domicile of the top-tiered insurers in
15 the insurance holding company system of the internationally active insurance group, the
16 Commissioner shall make a determination or acknowledgment as to the appropriate group-
17 wide supervisor for such an internationally active insurance group pursuant to section
18 329(b).

19 (d) Pursuant to section 327, the Commissioner may collect from any insurer registered
20 pursuant to section 325 all information necessary to determine whether the Commissioner may act
21 as the group-wide supervisor of an internationally active insurance group or if the Commissioner
22 may acknowledge another regulatory official to act as the group-wide supervisor. Before issuing
23 a determination that an internationally active insurance group is subject to group-wide supervision

1 by the Commissioner, the Commissioner shall notify the insurer registered pursuant to section 325
2 and the ultimate controlling person within the internationally active insurance group. The
3 internationally active insurance group has not less than 30 days to provide the Commissioner with
4 additional information pertinent to the pending determination. The Commissioner shall publish
5 on its internet website the identity of internationally active insurance groups that the Commissioner
6 has determined are subject to group-wide supervision by the Commissioner.

7 (e) If the Commissioner is the group-wide supervisor for an internationally active
8 insurance group, the Commissioner may engage in any of the following group-wide supervision
9 activities:

10 (1) assess the enterprise risks within the internationally active insurance group
11 to ensure that:

12 (A) the material financial condition and liquidity risks to the members
13 of the internationally active insurance group that are engaged in the business of
14 insurance are identified by management, and

15 (B) reasonable and effective mitigation measures are in place;

16 (2) request, from any member of an internationally active insurance group
17 subject to the Commissioner's supervision, information necessary and appropriate to assess
18 enterprise risk, including, but not limited to, information about the members of the
19 internationally active insurance group regarding:

20 (A) governance, risk assessment and management,

21 (B) capital adequacy, and

22 (C) material intercompany transactions;

1 (3) coordinate and, through the authority of the regulatory officials of the
2 jurisdictions where members of the internationally active insurance group are domiciled,
3 compel development and implementation of reasonable measures designed to ensure that
4 the internationally active insurance group is able to timely recognize and mitigate
5 enterprise risks to members of such internationally active insurance group that are engaged
6 in the business of insurance;

7 (4) communicate with other state, federal and international regulatory agencies
8 for members within the internationally active insurance group and share relevant
9 information subject to the confidentiality provisions of section 330, through supervisory
10 colleges as set forth in section 328 or otherwise;

11 (5) enter into agreements with or obtain documentation from any insurer
12 registered under section 325, any member of the internationally active insurance group,
13 and any other state, federal and international regulatory agencies for members of the
14 internationally active insurance group, providing the basis for or otherwise clarifying the
15 Commissioner's role as group-wide supervisor, including provisions for resolving disputes
16 with other regulatory officials. Such agreements or documentation may not serve as
17 evidence in any proceeding that any insurer or person within an insurance holding company
18 system not domiciled or incorporated in the Virgin Islands is doing business in the Territory
19 or is otherwise subject to jurisdiction in the Territory; and

20 (6) other group-wide supervision activities, consistent with the authorities and
21 purposes enumerated above, as considered necessary by the Commissioner.

22 (f) If the Commissioner acknowledges that another regulatory official from a
23 jurisdiction that is not accredited by the NAIC is the group-wide supervisor, the Commissioner

1 may reasonably cooperate, through supervisory colleges or otherwise, with group-wide
2 supervision undertaken by the group-wide supervisor, if provided that:

3 (1) the Commissioner's cooperation is in compliance with the laws of the Virgin
4 Islands; and

5 (2) the regulatory official acknowledged as the group-wide supervisor also
6 recognizes and cooperates with the Commissioner's activities as a group-wide supervisor
7 for other internationally active insurance groups where applicable. Where such recognition
8 and cooperation is not reasonably reciprocal, the Commissioner may refuse recognition
9 and cooperation.

10 (g) The Commissioner may enter into agreements with or obtain documentation from
11 any insurer registered under section 325, any affiliate of the insurer, and other state, federal and
12 international regulatory agencies for members of the internationally active insurance group that
13 provide the basis for or otherwise clarify a regulatory official's role as group-wide supervisor.

14 (h) The Commissioner may promulgate regulations necessary for the administration of
15 this section.

16 (i) A registered insurer subject to this section is liable for and shall pay the reasonable
17 expenses of the Commissioner's participation in the administration of this section, including the
18 engagement of attorneys, actuaries and any other professionals and all reasonable travel expenses.

19 **§ 330 Confidential Treatment**

20 (a) Documents, materials or other information in the possession or control of the
21 Department of Insurance that are obtained by or disclosed to the Commissioner or any other person
22 in the course of an examination or investigation made pursuant to section 327 and all information
23 reported or provided to the Division Banking of Insurance pursuant to section 323(b)(12) and (13),

1 section 325, section 326 and section 329 are confidential by law and privileged, are not subject to
2 examination by the public, are not subject to subpoena, and are not subject to discovery or
3 admissible in evidence in any private civil action. However, the Commissioner may use the
4 documents, materials or other information in the furtherance of any regulatory or legal action
5 brought as a part of the Commissioner's official duties. The Commissioner may not otherwise
6 make the documents, materials or other information public without the prior written consent of the
7 insurer to which it pertains unless the Commissioner, after giving the insurer and its affiliates who
8 are affected thereby notice and opportunity to be heard, determines that the interest of
9 policyholders shareholders or the public is served by the publication thereof, in which event the
10 Commissioner may publish all or any part in such manner as may be considered appropriate.

11 (b) Neither the Commissioner nor any person who received documents, materials or
12 other information while acting under the authority of the Commissioner or with whom the
13 documents, materials or other information are shared, are permitted or required to testify in any

15 subsection (a).

17 Commissioner:

18 (1) may share documents, materials or other information, including the
19 confidential and privileged documents, materials or information subject to subsection (a),
20 with other state, federal and international regulatory agencies, with the NAIC and its
21 affiliates and subsidiaries, and with local, federal, and international law enforcement
22 authorities, including members of any supervisory college described in section 328, if the
23 recipient agrees in writing to maintain the confidentiality and privileged status of the

1 document, material or other information, and has verified in writing the legal authority to
2 maintain confidentiality.

3 (2) Notwithstanding paragraph (c)(1), the Commissioner may only share
4 confidential and privileged documents, material, or information reported pursuant to
5 section 325(l) with commissioners of states having statutes or regulations substantially
6 similar to subsection (a) and who have agreed in writing not to disclose such information.

7 (3) May receive documents, materials or information, including otherwise
8 confidential and privileged documents, materials or information from the NAIC and its
9 affiliates and subsidiaries and from regulatory and law enforcement officials of other
10 foreign or domestic jurisdictions, and shall maintain as confidential or privileged any
11 document, material or information received with notice or the understanding that it is
12 confidential or privileged under the laws of the jurisdiction that is the source of the
13 document, material or information; and

14 (4) Shall enter into written agreements with the NAIC governing sharing and
15 use of information provided pursuant to this chapter consistent with this subsection that
16 must:

17 (A) specify procedures and protocols regarding the confidentiality and
18 security of information shared with the NAIC and its affiliates and subsidiaries,
19 including procedures and protocols for sharing by the NAIC with other state,
20 federal or international regulators;

21 (B) specify that ownership of information shared with the NAIC and its
22 affiliates and subsidiaries remains with the Commissioner and the NAIC's use of
23 the information is subject to the direction of the Commissioner:

(C) require prompt notice to be given to an insurer whose confidential information in the possession of the NAIC is subject to a request or subpoena to the NAIC for disclosure or production; and

(D) require the NAIC and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the NAIC and its affiliates and subsidiaries may be required to disclose confidential information about the insurer shared with the NAIC and its affiliates and subsidiaries.

(d) The sharing of information by the Commissioner may not constitute a delegation of regulatory authority or rulemaking, and the Commissioner is solely responsible for the administration, execution and enforcement of the provisions of this chapter.

(e) No waiver of any applicable privilege or claim of confidentiality in the documents, materials or information may occur as a result of disclosure to the Commissioner under this section or as a result of sharing as authorized in subsection (c).

(f) Documents, materials or other information in the possession or control of the NAIC are confidential by law and privileged, are not subject to examination by the public, are not subject to subpoena, and are not subject to discovery or admissible in evidence in any private civil action.

2 provisions of chapter 3, section 55 of this title, apply to any appropriate court of competent
3 jurisdiction in order to obtain an order enjoining the insurer or director, officer, employee or agent

10 or may be counted for quorum purposes, and any action of shareholders requiring the affirmative
11 vote of a percentage of shares may be taken as though the securities were not issued and
12 outstanding; but no action taken at any such meeting may be invalidated by the voting of the
13 securities, unless the action materially affects control of the insurer or unless the courts of this
14 Territory have so ordered. If an insurer or the Commissioner has reason to believe that any security
15 of the insurer has been or is about to be acquired in contravention of this chapter or of any rule, or
16 order issued by the Commissioner; the insurer or the Commissioner may apply to any appropriate
17 court of competent jurisdiction in the jurisdiction in which the insurer has its principle place of
18 business to enjoin any offer, request, invitation, agreement or acquisition made in contravention
19 of section 323 or any rule, or order issued by the Commissioner to enjoin the voting of any security
20 so acquired, to void any vote of the security already cast at any meeting of shareholders and for

In determining the amount of the civil forfeiture, the Commissioner shall take into account the appropriateness of the forfeiture with respect to the

1 gravity of the violation, the history of previous violations, and such other matters as justice may
2 require.

3 (c) Whenever it appears to the Commissioner that any insurer subject to this chapter or
4 any director, officer, employee or agent thereof has engaged in any transaction or entered into a
5 contract which is subject to section 326 and which would not have been approved had the approval
6 been requested, the Commissioner may order the insurer to cease and desist immediately any
7 further activity under that transaction or contract. After notice and hearing, the Commissioner

9 best interest of the policyholders, creditors or the public.

11 employee or agent thereof has committed a willful violation of this chapter, the Commissioner

§ 334 Receivership

Whenever it appears to the Commissioner that any person has committed a violation of this chapter which so impairs the financial condition of a domestic insurer as to threaten insolvency or make the further transaction of business by it hazardous to its policyholders, creditors, shareholders or the public, the Commissioner may proceed as provided in chapter 51 of this title to take possessions of the property of the domestic insurer and to conduct its business.

(b) No distribution may be recoverable if the parent or affiliate shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not

1 reasonably have known that the distribution might adversely affect the ability of the insurer to
2 fulfil its contractual obligations.

4 otherwise controlled the insurer or affiliate at the time the distributions were paid are liable up to
5 the amount of distributions or payments under section 335(a) which the person received. Any

7 to the amount of distributions that would have been received if they had been paid immediately.
8 If two or more persons are liable with respect to the same distributions, they are jointly and
9 severally liable.

10 (d) The maximum amount recoverable under this section is the amount needed in
11 excess of all other available assets of the impaired or insolvent insurer to pay the contractual
12 obligations of the impaired or insolvent insurer and to reimburse any guaranty funds.

13 (e) To the extent that any person liable under section 335(c) is insolvent or otherwise
14 fails to pay claims due from it, its parent corporation or holding company or person who otherwise

17 otherwise controlled it.

20 chapter that makes the continued operation of an insurer contrary to the interests of policy holders
21 or the public, the Commissioner may, after giving notice and an opportunity to be heard, suspend,
22 revoke or refuse to renew the insurer's license or authority to do business in the Territory for such

period as the Commissioner finds is required for the protection of policyholders or the public. Any such determination may be accompanied by specific findings of fact and conclusions of law.

§ 337 Judicial Review, Mandamus 14

Any person aggrieved by determination, rule, regulation or order or any other action of the Commissioner pursuant to this chapter may appeal in accordance with the procedures set forth in chapter 7 of this title.

SECTION 2. Section 1 of this Act takes effect 90 days after enactment.

Proposed Legislation on the Virgin Islands Insurance Holding Company System

Regulatory Act

BILL SUMMARY

The primary focus of the Virgin Islands Insurance Holding Company System Regulatory Act is on assessing the “enterprise risk” within an entire insurance holding company system (including the risk caused by non-insurer affiliates) and determining the impact of such risk upon the solvency of insurers within the insurance group. An “Enterprise Risk” is “any activity, circumstance, event or series of events involving one or more affiliates of an insurer that, if not

remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the insurer or its insurance holding company system as a whole.” It includes, but is not limited to, anything that would cause the insurer to be in a hazardous financial condition.” In order to determine the enterprise risk within the entire insurance holding company system, the Act allows the Commissioner of Insurance to supervise the entire insurance group by requiring that an insurer file information regarding the solvency and risk of even its non-insurer affiliates and by allowing the examination of these entities. Under the Act, insurers would be required to file “Enterprise Risk” reports which require the holding company to disclose information regarding ten different areas of its operations which could potentially pose “Enterprise Risk” to a regulated insurer. The following is an overview of specific sections of the proposed Bill:

Section 1: Repeals Section 1251 of Title 22 of the Virgin Islands Code entitled “Merger or consolidation.”

Section 2: Creates a new chapter 14 of title 22 of the Virgin Islands Code known as the “Virgin Islands Insurance Holding Company System Regulatory Act”.

2 (domestic insurers) but that are authorized to do business in the territory requiring that the non-
3 domestic insurer provide notification to the Commissioner prior to the acquisition and authorizing
4 the Commissioner to issue an order if he/she finds that the effect of the acquisition may lessen
5 competition in the territory or create a monopoly.

6 Section 326 Standards and Management of an Insurer within an Insurance Holding
